The Company should have an effective price discovery system in place and exercise due diligence in determining a fair price for RPTs;

3.3 Ensures that appropriate disclosures are made, and/or information is provided to regulatory and supervisory authorities relating to the Company's RPT exposures, and policies on conflicts of interest or potential conflicts of interest. The disclosure should include information on the approach to managing material conflicts of interest that are inconsistent with such policies, and conflicts that could arise as a result of the Company's affiliation or transactions with other related parties;

3.4 Reports to the Board on a regular basis, the status and aggregate exposures to each related party, as well as the total amount of exposures to all related parties;

3.5 Ensures that transactions with related parties, including write-off of exposures are subject to a periodic independent review or audit process; and
