ERC CASE NO. 2025-070 RC

**THERMA LUZON, INC. (TLI)
AND SORSOGON I
ELECTRIC COOPERATIVE,
INC. (SORECO I),**

Applicants.

X-----X

Promulgated:
April 21, 2025

ORDER

On 21 March 2025, Therma Luzon, Inc. (TLI) and Sorsogon I Electric Cooperative, Inc. (SORECO I) filed their *Joint Application* dated 24 February 2025, seeking the Commission’s approval of their Power Supply Agreement (PSA), with motion for confidential treatment of information and prayer for issuance of provisional authority or interim relief.

The pertinent allegations in the *Joint Application* are hereunder quoted, as follows:

xxx

PARTIES

1. Applicant SORECO I is an electric cooperative duly organized and existing under and by virtue of the laws of the Philippines, with principal address at Maharlika Highway, Brgy. Gulang-Gulang, Irosin, Sorsogon;
2. SORECO I is a distribution utility engaged in distribution of light and power within its franchise area covering the municipalities of Bulusan, Bulan, Casiguran, Irosin, Juban, Magallanes, Matnog and Sta. Magdalena, all in the province of Sorsogon.
3. Applicant TLI is a private corporation duly organized and existing under and by virtue of the laws of the Philippines, with principal office at NAC Tower, 32nd Street, Bonifacio Global City, Taguig City. TLI is the Independent Power Producer Administrator (IPPA) for the 700 MW capacity from the Pagbilao Coal Fired Thermal Power Plant (Power Plant) pursuant to and in accordance with its IPPA Agreement with the Power Sector Assets and Liabilities Management Corporation (PSALM) with the conformity of the National Power Corporation (NPC). As such, TLI has the right to trade, sell, or deal with the 700 MW capacity of the said Power Plant.
4. Applicants may be served with notices, orders, and other processes of this Honorable Commission through their respective counsel at the addresses indicated below.

NATURE OF THE APPLICATION

5. The instant *Joint Application* for approval of the *Power Supply Agreement* entered into by and between the Joint Applicants dated 03 February 2025 (the PSA) is being submitted to the Honorable Commission for its review and approval pursuant to Sections 25¹ and 45(b)² of Republic Act No. 9136, otherwise known as the Electric Power Industry Reform Act of 2001 (EPIRA), Rule 20(B) of the Honorable Commission's Resolution No. 01, Series of 2021 (ERC RRPP),³ and Article VIII of the Honorable Commission's Resolution No. 16, Series of 2023⁴ (2023 CSP Guidelines).

6. Section 23 of the EPIRA mandates that a distribution utility has the obligation to supply electricity in the least cost manner to its captive market, subject to collection of retail rate duly approved by this Honorable Commission. In relation to this, Section 45 (b) of the EPIRA expressly allows distribution utilities to enter into bilateral power supply contracts subject

¹ SEC.25. Retail Rate. – The retail rates charged by distribution utilities for the supply of electricity in their captive market shall be subject to regulation by the ERC based on the principle of full recovery of prudent and reasonable economic costs incurred, or such other principles that will promote efficiency as may be determined by the ERC.

² Distribution utilities may enter into bilateral power supply contracts subject to review by the ERC: xxx.

³ A Resolution Adopting the Revised Rules of Practice and Procedure of the Energy Regulatory Commission.

⁴ Implementing Guidelines for the Procurement, Execution, and Evaluation of Power Supply Agreements Entered into by Distribution Utilities for the Supply of Electricity To Their Captive Market.

to the review of this Honorable Commission. It is consistent with the State's policy to ensure the quality, reliability, security, and affordability of the supply of electric power.⁵

7. The subject PSA was procured through a Joint Competitive Selection Process (CSP) conducted by the National Electrification Administration (NEA), in accordance with Article 13.1 of the NEA Memorandum No. 2023-057 (NEA 2023 CSP Guidelines), consistent with Section 5.4 of the Department of Energy (DOE) Circular No. DC2023-06-0021 (DOE 2023 CSP Policy), whereby NEA is allowed to undertake the CSP on behalf of the Electric Cooperative (EC) in case the latter requests the NEA's assistance or is unable to complete its CSP one (1) year before the scheduled date as indicated in the Power Supply Procurement Plan (PSPP), and the 2023 CSP Guidelines.

STATEMENT OF FACTS

COMPETITIVE SELECTION PROCESS

8. The NEA 2023 CSP Guidelines were issued by the NEA pursuant to the DOE 2023 CSP Policy and in support of the Honorable Commission's 2023 CSP Guidelines, as it applies to the conduct of the CSPs for ECs.

8.1 Article 13.1 of the NEA 2023 CSP Guidelines, consistent with Section 5.4 of the DOE 2023 CSP Policy, provides that if an EC requests assistance from the NEA or fails to complete the CSP at least one (1) year before the scheduled date in the PSPP, the NEA shall undertake or continue the CSP on their behalf.

9. SORECO I joined and became a member of the aggregation of electric cooperatives of Region I and Cordillera Autonomous Region for the purpose of procuring a power supply agreement to lower its generation rates. However, this CSP failed and did not result in the execution of any agreement.

10. Pursuant to the NEA 2023 CSP Guidelines, NEA intervened and conducted the joint CSP for the procurement of power supply of the aggregation of Luzon ECs, including the members of the Region I-CAR-SORECO I aggregation.

11. The joint CSP conducted by NEA followed the policy and rules prescribed under the above-mentioned issuances of the DOE, NEA, and this Honorable Commission.

12. The NEA issued NEA Office Order No. 2024-134, as amended by NEA Office Order No. 2024-276, creating a Special Bids and Awards Committee (NEA-SBAC) to conduct the CSP for the procurement of power supply for the aggregation of Luzon ECs who have not yet commenced their

⁵ EPIRA, Sec. 2 (b).

respective CSPs within one (1) year before the expiration of their current and subsisting PSAs or projected increase in demand based on their latest and posted PSPP. Applicant SORECO I is a member EC⁶ of the said aggregation of Luzon ECs.

13. On 12 August 2024, the NEA issued *Certificate of Conformity No. NEA-RAO-COC-2024-10* stating that:

“This is to certify that the contract quantities and cooperation periods for the Competitive Selection Process (CSP) of the Luzon EC Aggregation power supply requirement are consistent with the latest posted 2024-2033 Power Supply Procurement Plans.”

14. Accordingly, the NEA-SBAC commenced and conducted the Joint CSP for the procurement of the aggregated baseload supply of the member ECs of the said aggregation of Luzon ECs, including applicant SORECO I. A *CSP Report* prepared by the NEA-SBAC is attached hereto as Annex “MM-1” A summary of the key dates and events of the Joint CSP is provided below:

14.1 The *Invitation to Bid* for the Joint CSP was published in the Philippine Daily Inquirer newspaper on 17 August 2024 and 24 August 2024. Six (6) prospective bidders manifested their intention to participate in the Joint CSP, namely: Masinloc Power Co. Ltd., Sual Power Inc., Therma Visayas Inc., AP Renewables Inc., GN Power Dinginin Ltd. Co., and applicant TLI.

14.2 On 30 August 2024, Invitations to CSP Observers were sent inviting certain groups to participate as CSP Observers in the Pre-Bid Conference, including the DOE, consumer representatives, community representatives, interested civil society organizations and consumers, and the regional development council for Luzon.

14.3 On 12 September 2024, the Pre-Bid Conference for the Joint CSP was held at the Honesty, Efficiency and Solidarity Auditorium 2nd Floor, NEA Building, 57 NIA Road, Government Center, Diliman, Quezon City (the “NEA HESA”). The Pre-Bid Conference was attended by the NEA-SBAC, NEA SBAC Technical Working Group (TWG), NEA-SBAC Secretariat, CSP Observers, and the six (6) prospective bidders, including applicant TLI.

⁶ The Member ECs refer to the ECs included in the aggregation of Luzon ECs for the conduct of NEA’s Joint CSP, namely: Albay Electric Cooperative Inc., Benguet Electric Cooperative, Camarines Sur I Electric Cooperative Inc., Camarines Sur II Electric Cooperative Inc., Central Pangasinan Electric Cooperative Inc., Ilocos Norte Electric Cooperative Inc., Ilocos Sur Electric Cooperative Inc., Isabela I Electric Cooperative Inc., Isabela II Electric Cooperative, Kalinga-Apayao Electric Cooperative Inc., Mountain Province Electric Cooperative Inc., Nueva Ecija II Electric Cooperative Inc. – Area 2, Pangasinan III Electric Cooperative, Pampanga I Electric Cooperative Inc., Pampanga Rural Electric Service Cooperative Inc., Sorsogon I Electric Cooperative Inc., Tarlac I Electric Cooperative Inc., and Tarlac II Electric Cooperative Inc.

14.4 The following Bid Bulletins (“BB”) were issued by the NEA-SBAC throughout the Joint CSP process:

BB No.	Date Issued	Description
1	04 September 2024	Announcing the venue of the Pre-Bid Conference, among others.
2	14 October 2024	Announcing the revised schedule of the succeeding bidding activities for the Joint CSP.
3	15 October 2024	Providing official responses to bidder inquiries and issuing the revised transaction documents.
4	06 November 2024	Announcing the revised schedule of bidding activities, setting the bid submission, opening, and evaluation for 03 December 2024.
5	14 November 2024	Addressing further bidder queries and issuing the final terms of reference and final transaction documents.
6	20 November 2024	Change of venue for the submission, opening, and evaluation of bids.
7	26 November 2024	Correcting Schedule 13 (Technical Bid Form 2) of the final transaction documents.

These BBs were also posted on the NEA website.

14.5 On 03 December 2024, the bid submission date, Sual Power, Inc., Masinloc Power Co. Ltd., and applicant TLI timely submitted their proposals. Therma Visayas, Inc., AP Renewables, Inc., and GNPower Dinginin Ltd. Co. submitted letters withdrawing participation from the Joint CSP. These letters were read aloud at the start of the bid opening process.

14.6 On the same date, the respective proposals of Sual Power, Inc., Masinloc Power Co. Ltd., and applicant TLI were evaluated based on the parameters outlined in the final transaction documents issued by the NEA-SBAC, with applicant TLI emerging as one of two (2) bidders with the Lowest Calculated Bid for 50% of the aggregated contract capacity of the Member ECs.

14.7 The post-qualification process was conducted from 04 to 06 December 2024. On 17 December 2024, NEA-SBAC TWG submitted its report dated 16 December 2024 to the NEA-SBAC confirming the authenticity, validity, and accuracy of applicant TLI’s submitted legal, technical, and financial documents. The NEA-SBAC TWG recommended the declaration of applicant TLI as one of two (2) bidders with the lowest calculated bid for the Joint CSP.

14.8 On 19 December 2024, the NEA-SBAC issued Resolution No. 04, series of 2024, declaring applicant TLI as one of the two Lowest Calculated and Responsive

Bidders and awarding it 50% of the aggregated contract capacity of the Member ECs. In accordance with NEA Memorandum 2023-057, the NEA-SBAC endorsed the said resolution to the NEA Office of the Administrator for the issuance of a Notice of Award in favor of TLI.

14.9 The Notice of Award was issued by NEA and accepted by TLI on 27 December 2024.

14.10 On 29 January 2025, the duly authorized representatives of the Member ECs submitted the finalized PSA with TLI to the NEA-SBAC for approval.

14.11 On 31 January 2025, the NEA issued the Notice to Execute Agreement, directing the Member ECs to execute the NEA-approved PSAs within three (3) calendar days or until 03 February 2025.

14.12 On 03 February 2025, in compliance with the Notice to Execute Agreement issued by NEA,⁷ Joint Applicants SORECO I and TLI executed the PSA, subject of this instant *Joint Application*, for a contracted capacity of 2MW-8MW, with supply commencing on the later of either: (a) February 26, 2025; or (b) the next immediate 26th day of the month following the ERC's issuance of a Provisional Authority or Interim Relief (as applicable) or Final Authority (if neither Provisional Authority or Interim Relief was issued by the ERC) for the implementation of this Agreement.

14.13 Notably, since the PSA was a result of a joint CSP conducted by NEA itself, and the PSA being subject to a separate review by the NEA, it may be presumed that the subject PSA, including all terms and conditions therein, is in accordance with all the relevant policies and rules of the DOE, NEA, and the Honorable Commission.

15. Hence, this instant *Joint Application* for the approval of the PSA between SORECO I and TLI.

SALIENT TERMS OF THE PSA

16. The PSA between SORECO I and TLI, a copy of which is attached as ANNEX "A", contains the following salient features:

16.1 Contract Term. This Agreement shall take effect immediately from Effective Date, and from such date shall remain in force and effect for fourteen (14) years and ten (10) months from Delivery Date unless sooner terminated in accordance with this Agreement and upon approval by the ERC.

16.2 Delivery Date. TLI shall commence delivery of the Contract Capacity to SORECO I on Delivery Date. The

⁷ Annex "MM-23"

Delivery Date shall be the later of either: (a) February 26, 2025 or (b) the next immediate 26th day of the month following the ERC’s issuance of a Provisional Authority or Interim Relief (as applicable) or Final Authority (if neither Provisional Authority or Interim Relief was issued by the ERC) for the implementation of this Agreement.

16.3 Contract Capacity. Beginning on the Delivery Date until the termination or expiration of the PSA, TLI shall supply and deliver Contract Capacity to SORECO I at the Delivery Point, and SORECO I shall purchase and pay TLI the Contract Capacity as provided in Table 1:

CY	26 Dec to 25 Jan	26 Jan to 25 Feb	26 Feb to 25 Mar	26 Mar to 25 Apr	26 Apr to 25 May	26 May to 25 Jun	26 Jun to 25 Jul	26 Jul to 25 Aug	26 Aug to 25 Sep	26 Sep to 25 Oct	26 Oct to 25 Nov	26 Nov to 25 Dec
2025	-	-	2	2	2	2	2	2	2	2	2	2
2026	2	2	2.5	2.5	2.5	2.5	2.5	2.5	2.5	2.5	2.5	2.5
2027	2.5	2.5	3	3	3	3	3	3	3	3	3	3
2028	3	3	3.25	3.25	3.25	3.25	3.25	3.25	3.25	3.25	3.25	3.25
2029	3.25	3.25	6.75	6.75	6.75	6.75	6.75	6.75	6.75	6.75	6.75	6.75
2030	7	7	7	7	7	7	7	7	7	7	7	7
2031	7.5	7.5	7.5	7.5	7.5	7.5	7.5	7.5	7.5	7.5	7.5	7.5
2032	8	8	8	8	8	8	8	8	8	8	8	8
2033	8	8	8	8	8	8	8	8	8	8	8	8
2034	8	8	8	8	8	8	8	8	8	8	8	8
2035	8	8	8	8	8	8	8	8	8	8	8	8
2036	8	8	8	8	8	8	8	8	8	8	8	8
2037	8	8	8	8	8	8	8	8	8	8	8	8
2038	8	8	8	8	8	8	8	8	8	8	8	8
2039	8	8	8	8	8	8	8	8	8	8	8	8

In the event that the Delivery Date does not coincide with the Target Date and that said Delivery Date is delayed by a certain number of Billing Period/s, such number of Billing Period/s of delay shall extend the last Billing Period contained in the table above by the same number of Billing Period/s; provided that the Contract Capacity for such extended Billing Period/s shall be exactly the same Contract Capacity for the same Billing Period/s of the previous Contract Year.

SORECO I shall be allowed to nominate the entire Contract Capacity but is only obliged to utilize the Contract Capacity at the 65% Monthly Minimum Capacity Utilization Factor (“CUF”) for every Billing Period.

Notwithstanding the 65% Monthly Minimum CUF, TLI must make available for dispatch the Contract Capacity.

SORECO I’s Minimum Hourly Nomination shall be 35% of the Contracted Capacity for the Billing Period except in cases of Force Majeure Event.

Should SORECO I fail to dispatch TLI at the Monthly Minimum CUF for a Billing Period, and TLI has made the same available for dispatch, SORECO I shall pay TLI the CRR_{CUF} and $FOMR_{CUF}$ for the equivalent associated energy at 65% CUF level. The formula to calculate the equivalent associated energy is found in SCHEDULE 7 of the PSA.

16.4 Scheduled and Unscheduled Outage. TLI shall have an outage allowance for each Contract Year not exceeding:

Scheduled Outages: Zero (o) hours

Unscheduled Outages: Zero (o) hours.

16.5 Replacement Power. The procurement of any Replacement Power shall be the responsibility of TLI and TLI shall charge SORECO I for the Replacement Power pursuant to Section 10.3.1 of the SORECO I-TLI PSA.

16.6 Payment of Fees. Commencing on Delivery Date and throughout the entire Term, SORECO I shall pay to TLI each Billing Period an amount equal to the Monthly Payment in accordance with SCHEDULE 7 (Monthly Payment, Indexation and Adjustment) of the SORECO I-TLI PSA.

There shall be no offsetting of payment between SORECO I and TLI unless expressly provided for in the SORECO I-TLI PSA.

There shall be no withholding of disputed amounts, except in cases of inadvertent errors in the amount or inadvertent errors in calculating the applicable rate.

If an invoice is not disputed by SORECO I within sixty (60) Business Days of receipt or if the payment is not disputed by TLI within thirty (30) Business Days of receiving payment from SORECO I, the invoice and payment shall be deemed accepted, final, and binding on TLI or SORECO I, as applicable.

16.7 Billing to SORECO I. Within ten (10) Business Days from the end of each Billing Period commencing on Delivery Date, TLI shall deliver to SORECO I the Seller Invoice setting forth the amount that is due to TLI for the preceding Billing Period.

TLI shall send the Seller Invoice electronically through SORECO I's designated electronic mail (e-mail) addresses.

The Parties shall make the necessary adjustments, if necessary, for the TLI Invoice covering the first and last Billing Periods.

16.8 Monthly Payment. Refers to the amount collectible from SORECO I for supply of electricity for each Billing Period, to be computed in accordance with Schedule 7

(Monthly Payment, Indexation and Adjustment) of the
SORECO I-TLI PSA, to wit:

SCHEDULE 7

Total Generation Charge

Total Generation Charge = $CRF_{CUF} + FOMF_{CUF} + VOMF + FC + VAT$

A. Capital Recovery Fee (CRF)

The CRF_{CUF} shall be calculated as the product of the Capital Recovery Rate (“ CRR_{CUF} ”), in Php/kWh, and the actual energy delivered from the Facility during the Billing Period or the equivalent associated energy based on the Monthly Minimum CUF, whichever is higher.

$$CRF_{CUF} = CRR_{CUF} \times \max(AED_t, AE_t)$$
$$CRR_{CUF} = \frac{CRR_{100\%CUF}}{CUF_t}$$

CRF_{CUF}	Corresponding CRF_{CUF} to calculate the Total Generation Charge, expressed in Php
CRR_{CUF}	Billing Determinant to calculate CRF_{CUF} , expressed in Php/kWh, for a Billing Period
$CRR_{100\%CUF}$	Corresponding CRR at 100% CUF, which is 1.8192 Php/kWh. For reference, see Table 1 for the CRR per CUF.*
CUF_t	Actual CUF for a Billing Period <i>t</i> . The CUF shall be calculated in accordance with the formula below:
AE_t	Associated Energy based on the Minimum CUF in kWh for a Billing Period
AED_t	Actual Energy Delivered from the Facility during the Billing Period in kWh

*Table 1 is for reference only. The applicable CRR_{CUF} for the Billing Period shall be calculated in accordance with the formula above.

(This space is intentionally left blank.)

Table 1: Capital Recovery Rate per Capacity Utilization

Capacity Utilization Factor, %	CRR, Php/kWh
100%	1.8192
99%	1.8376
98%	1.8563
97%	1.8755

68%	2.6753
67%	2.7152
66%	2.7564
65%	2.7988

$$CUF = \frac{Q_t}{CC \times (H_T - H_O - H_{FM})}$$

Where:

CUF	Capacity Utilization Factor
Q_t	Total Energy delivered in kWh, not exceeding the corresponding Contract Capacity, during the Billing Period, or the equivalent associated energy based on the Monthly Minimum CUF, whichever is higher.
CC	Contracted Capacity for the current Billing Period in kW as indicated in Schedule 2
H_T	Total number of hours in the Billing Period
H_o	Zero (o) for each Billing Period, as TLI has no Outage Allowance
H_o	The Equivalent Hours of Force Majeure in the Billing Period

The formula to calculate the H_{FM} shall be:

$$H_{FM} = \sum_{i=1}^n \left(1 - \frac{\text{Seller BCQ day after}}{CC} \right)$$

Where:

n – Total number of Hours in a Billing Period

Formula to calculate the Q_t :

$$Q_t = \max(AE_t, TED_t)$$

$$AE = 65\% \times CC \times (H_T - H_o - H_{FM})$$

Where:

AE_t	As previously defined
CC	As previously defined
H_T	As previously defined
H_o	As previously defined
H_{FM}	As previously defined
TED_t	Total Energy Delivered, which is Actual Energy Delivered from the Facility and replacement power energy, during the Billing Period in kWh

B. Fixed Operation and Maintenance Fee (FOMF)

The $FOMF_{CUF}$ shall be calculated as the product of the Fixed Operation and Maintenance Rate (“ $FOMR_{CUF}$ ”), in PhP/kWh, and the actual energy delivered from the Facility during the Billing Period or the equivalent associated energy based on the Monthly Minimum CUF, whichever is higher.

$$FOMF_{CUF} = FOMR_{CUF} \times \max(AED_t, AE_t)$$

$$FOMR_{CUF} = \frac{FOMR_{100\%CUF}}{CUF_t} \times \left(\frac{PHCPI_{n-1}}{PHCPI_0} \right)$$

FOMF _{CUF}	Corresponding FOMF _{CUF} to calculate the Total Generation Charge, expressed in Php
FOMR _{CUF}	Billing Determinant to calculate FOMF _{CUF} , expressed in Php/kWh, for a Billing Period
AE _t	As previously defined
AED _t	As previously defined
FOMR _{100%CUF}	Corresponding FOMR at 100% CUF, which is 0.6575 Php/kWh. For reference, see Table 2 for the value of FOMR per CUF.*
<i>PHCPI</i> ₀	Philippine Consumer Price Index (PHCPI) for All Income Households by Commodity Group (2018=100), September 2024, equivalent 126.3000
<i>PHCPI</i> _{n-1}	Philippine Consumer Price Index (PHCPI) for All Income Households by Commodity Group (2018=100), for the month preceding the Billing Period

*Table 2 is for reference only. The applicable FOMR_{CUF} for the Billing Period shall be calculated in accordance with the formula above.

Table 2: Fixed Operations and Maintenance Rate per Capacity Utilization

Capacity Utilization Factor, %	FOMR, Php/kWh
100%	0.6575
99%	0.6641
98%	0.6709
97%	0.6778

76%	0.8651
75%	0.8767
74%	0.8885
73%	0.9007
72%	0.9132
71%	0.9261
70%	0.9393
69%	0.9529
68%	0.9669
67%	0.9813
66%	0.9962
65%	1.0115

- Notes:
- a. If the PHCPI to be used in for the Billing Period is not published and available, within the two days from the end of the Billing Period, the most recent available published index shall be used. Once the appropriate PHCPI is published or made available, the parties shall adjust the affected rate accordingly.
 - b. If the source of any of the foregoing indices is no longer available or has not been published or available for a prolonged period, the replacement index shall be agreed upon by the Buyer and Seller.
 - c. If any of the foregoing indices are re-based during the duration of this Agreement, the Seller shall apply the corresponding adjustment as published by the Philippine Statistics Authority to the inflation formula to conform with the re-basis of the subject indices, which must still coincide with the indices set forth in this Agreement.

C. Variable Operation and Maintenance Fee (“VOMF”)

The VOMF shall be calculated as the product of the Variable Operation and Maintenance Rate (“VOMR”), in PhP/kWh, and the actual energy delivered for the Billing Period.

$$VOMF = VOMR_t \times AED_t$$
$$VOMR_t = VOMR_{Base} \times \left(\frac{PHCPI_{n-1}}{PHCPI_0} \right)$$

VOMF	Corresponding VOMF to calculate the Total Generation Charge, expressed in Php
$VOMR_t$	Billing Determinant to calculate VOMF, expressed in Php/kWh, for a Billing Period
AED_t	As previously defined
$VOMR_{Base}$	Corresponding VOMR at 0.1851 Php/kWh
$PHPCPI_o$	As previously defined
$PHPCPI_{n-1}$	As previously defined

- Notes:
- If the PHCPI to be used in for the Billing Period is not published and available, within the two days from the end of the Billing Period, the most recent available published index shall be used. Once the appropriate PHCPI is published or made available, the parties shall adjust the affected rate accordingly.
 - If the source of any of the foregoing indices is no longer available or has not been published or available for a prolonged period, the replacement index shall be agreed upon by the Buyer and Seller.
 - If any of the foregoing indices are re-based during the duration of this Agreement, the Seller shall apply the corresponding adjustment as published by the Philippine Statistics Authority to the inflation formula to conform with the re-basis of the subject indices, which must still coincide with the indices set forth in this Agreement.

D. Fuel Cost (“FC”)

The FC shall be calculated as follows:

$$FC = \left(\frac{FP_t \times FCR_t \times FX_m}{1000} \right) \times AED_t$$

$$FP_t = FCC + NFCC + Applicable Taxes$$

(This space is intentionally left blank.)

Where:

FPT	Applicable Fuel Price for a Billing Month, expressed in Php
FCC	Fuel Commodity Cost in USD/MT calculated using the formula below: $75\% \times \left\{ 91.1411 \times \left[\left(\frac{NFI\ 1_{3m\ avg}}{NFI\ 1_o} \right) \right] \right\} +$ $25\% \times \left\{ 72.3500 \times \left[\left(\frac{NFI\ 2_{3m\ avg}}{NFI\ 2_o} \right) \right] \right\}$
NFI 1 _{3m avg}	the average value for the three (3) months preceding the Billing Period for which the Invoice is being prepared of the Indonesian Coal Index 2 (5800 GAR / 5500 NAR) as published by the Argus/Coalindo for Indonesian Coal Index Report, in USD/MT
NFI 2 _{3m avg}	the average value for the three (3) months preceding the Billing Period for which the Invoice is being prepared of the Indonesian Coal Index 3 (5000 GAR / 4600 NAR) as published by the Argus/Coalindo for Indonesian Coal Index Report, in USD/MT
NFI 1 _o	Value of Indonesian Coal Index 2 (5800 GAR / 5500 NAR) for the month of September 2024, which is 92.7400, in USD/MT
NFI 2 _o	Value of Indonesian Coal Index 3 (5000 GAR / 4600 NAR) for the month of September 2024, which is 72.3500, in USD/MT
NFCC	Weighted average of the actual freight, insurance, stevedoring, BOC Charges, Ferry Services, Terminal Fee, Letter of Credit Charges, Draft Survey Fee, Sampling Fee, Analysis Fee, and Service Fee that the Seller needs to recover as part of its Non-Fuel Commodity Cost for the corresponding shipments used in the current Billing Period, in USD/MT. The Seller shall bill, as Terminal Fees per shipment, the actual cost of the Terminal Fees, with the cost being subject to a cap of PhP 250,000.00 per shipment. Except for applicable taxes, Seller can only recover the NFCC items listed above and shall submit to Buyer proof of actual costs in the form of official invoices and supporting documents.
FX _m	the monthly average of the PHP/USD exchange rate for the month (i.e., first until last day of the month) for which the invoice is being prepared, as published in the Bangko Sentral ng Pilipinas website
Applicable taxes	Applicable taxes relating to FC

In the event that revisions are made on the above indices, including any shift made in the base year and other adjustments to such index made by the relevant authorized entity, its successor-in-interest, there shall be a corresponding change in the base index such that the use of the revised index will yield the equivalent values as the use of the original base index.

In the event that the index (a) becomes unavailable, (b) is replaced by a new benchmark rate as determined by the relevant authorized entity, its successor-in-interest, or (c) ceases to exist, the Parties shall agree to adopt a new price index.

The FP_t to be billed by Seller shall be the lower between:

1. The sum of the (i) resulting value using the Fuel Commodity Cost Formula and (ii) the Non-Fuel Commodity Cost; or

2. The actual fuel price as billed by the fuel supplier/s (i.e., supported by actual invoices) for the relevant Billing Period.

For this purpose, the Seller’s Invoice shall include the relevant fuel supplier’s invoice, certified by Seller, which will detail the actual fuel cost incurred to produce the delivered energy to Buyer. If any index or indices are used, the Seller must provide the Buyer with a screen/snapshot of the relevant excerpt of the actual published price from the index provider for the applicable period. The Seller shall attach the monthly fuel inventory report submitted to the DOE.

Buyer reserves the right to refuse payment of the Fuel Cost if Seller fails to provide either the fuel supplier’s invoice or the monthly inventory report referred to above.

AED _t	As previously defined
FCR	<p>The computed Fuel Consumption Rate (FCR) or the actual plant FCR for the relevant Billing Period, whichever is lower, in kg/kWh. If the CUF is a whole number, the computed FCR is set forth in the table below:</p> <p>If the CUF is not a whole number, the formula to determine the computed FCR shall be:</p> $\frac{(FCR_{CUF2} - FCR_{CUF1}) \times (CUF - CUF1)}{(CUF2 - CUF1)} + FCR_{CUF1}$ <p>If Buyer fails to utilize the Contract Capacity at the Monthly Minimum CUF, Seller may apply the higher of its actual consumption rate or the consumption rate corresponding to the Minimum CUF for that Billing Period.</p>

CUF = as previously defined
CUF2 = CUF increment of the nearest upper value, in %
CUF1 = CUF increment of the nearest lower value, in %
FCR_{CUF2} = corresponding FCR for CUF2 set forth in the table below:
FCR_{CUF1} = corresponding FCR for CUF1 set forth in the table below:

Illustration: CUF 65.61%

CUF2	66%
CUF1	65%
FCR _{CUF2}	0.5107
FCR _{CUF1}	0.5114

The FCR at CUF levels 65% to 100% are as follows:

Capacity Utilization Factor (%)	FCR (kg/kWh)
100%	0.4956
99%	0.4961
98%	0.4965
97%	0.4970
96%	0.4974

66%	0.5107
65%	0.5114

E. Value-added Tax (“VAT”), if any. VAT shall only be chargeable to the Buyer if prevailing laws expressly allow its passing on by the Seller.

17. SORECO I simulated a rate impact analysis based on assumed quantities. The indicative rate impact on its overall generation rate with and without supply from TLI under the PSA are as follows:

SORECO I's Generation Rate (Php/kWh)		
Without TLI PSA	With TLI PSA	Rate Impact
6.0826	6.0510	(0.0316)

18. As shown in the rate impact analysis, the implementation of the PSA between TLI and SORECO I will benefit SORECO I and its consumers with an estimated generation rate reduction of Php 0.0316/kWh. Thus, the PSA subject of this *Joint Application* will ultimately provide SORECO I's end-users with a continuous and reliable supply of electricity at affordable rates.

19. In addition to the rate impact analysis, Joint Applicants wish to emphasize that the conduct of CSP was mandated to ensure the provision of least cost supply to consumers.

20. In the case of *Alyansa Para sa Bagong Pilipinas, Inc. vs. Energy Regulatory Commission, et. al.*⁸ ("*Alyansa Case*"), the Supreme Court held that the competitive public bidding is the most efficient, transparent, and effective guarantee that there will be no price gouging by distribution utilities, thus:

As part of its regulation of this monopoly, the State requires distribution utilities to subject to competitive public bidding their purchases of electricity from power generating companies. Competitive public bidding is essential since the power cost purchased by distribution utilities is entirely passed on to consumers, along with their operating expenses of distribution utilities. Competitive public bidding is the most efficient, transparent, and effective guarantee that there will be no price gouging by distribution utilities.⁹

21. In the same *Alyansa Case*, the Supreme Court pronounced that the purpose of the CSP is to ensure transparency and competition in the procurement of power supply by distribution utilities (DUs) so as to provide the least-cost electricity to the consuming public, *to wit*:

The 2015 DOE Circular recognized that under the EPIRA, the DOE has the mandate to "formulate such rules and regulations as may be necessary to implement the objective of the EPIRA," where the State policy is to "[p]rotect the public interest as it is affected by the rates and services of electric utilities and other providers of electric power." The 2015 DOE Circular reiterated the EPIRA's mandate that "all Distribution Utilities (DUs) shall have the obligation to supply electricity in the least-cost manner to their Captive Market, subject to the collection of retail rate duly approved by the [ERC]."

⁸ G.R. No. 227670, Decision Dated 3 May 2019.

⁹ Emphasis retained.

The 2015 DOE Circular mandated that DUs, including electric cooperatives, obtain their PSAs through CSP. Section 1 of the 2015 DOE Circular state the principles behind CSP:

Section 1. General Principles. Consistent with its mandate, the DOE recognizes that Competitive Selection Process (CSP) in the procurement of PSAs by the DUs ensures security and certainty of electricity prices of electric power to end-users in the long-term. Towards this end, all CSPs undertaken by the DUs shall be guided by the following principles:

- (a) Increase the transparency needed in the procurement process to reduce risks;
- (b) Promote and instill competition in the procurement and supply of electric power to all end-users;
- (c) Ascertain least-cost outcomes that are unlikely to be challenged in the future as the political and institutional scenarios should change; and
- (d) Protect the interest of the general public. (Boldfacing added)

In sum, the raison d'être of CSP is to ensure transparency and competition in the procurement of power supply by DUs so as to provide the least-cost electricity to the consuming public.¹⁰

22. Considering that the subject PSA was a result of the conduct of a CSP facilitated by the NEA, pursuant to the prevailing CSP Rules and the *Alyansa Case*, it follows that the rates in the subject PSA and the other provisions contained therein already assure that SORECO I and its customers will be provided with reliable, secure, and quality supply of power in the least-cost manner. Thus, the rates in the subject PSA should be implemented, as is, based on the subject PSA itself.

23. Furthermore, the rates provided in the subject PSA is similar to, if not lower than, the Honorable Commission's previously approved rates of PSAs of the same technology in comparable areas, as shown in the following cases:

¹⁰ Underscoring supplied.

Case	Capital Recovery Fee (CRF)	Operation and Maintenance Fee (O&M Fee)	Fuel Cost
ERC No. 2020-031 RC ¹¹	1,671.20 PhP/kW-mo	FOM: 366.16 PhP/kW-mo VOM: 0.1907 PhP/kWh	Pass-through subject to efficiency cap of 0.70 kg/kWh escalated at 1.5% annual degradation factor
ERC No. 2022-043 RC ¹²	1.8679 PhP/kWh	FOM: 0.8475 PhP/kWh VOM: 0.0812 PhP/kWh	2.0976 Php/kWh

The sum of the provisionally-approved CRF and O&M Fees under ERC Case No. 2020-031 RC and ERC Case No. 2022-043 RC are Php2.816/kWh¹³ and Php2.7966/kW, respectively. The rates of the subject PSA in this application is lower. Based on Paragraph 16.8, at 100% CUF, the total CRF and O&M Fees in the subject PSA is at PhP 2.6618/kWh.

24. Since the rates provided in the subject PSA are the result of a valid CSP and similar to, if not lower than, the previously approved rates by the Honorable Commission, Applicants respectfully submit that the rates in the subject PSA should be approved by the Honorable Commission, as is and without any adjustments, because such rates will ultimately redound to the benefit of SORECO I’s end-users

25. The Applicants submit the following documents for the evaluation of the *Joint Application*:

Description of Document	Annex
Power Supply Agreement (PSA) between SORECO I and TLI dated February 3, 2025	“A”

**Subject of the Motion for Confidential Treatment of Information*

PRAYER FOR PROVISIONAL AUTHORITY OF INTERIM RELIEF

26. Under Rule 14 of the ERC RRPP,¹⁴ the Honorable Commission is authorized to issue provisional authority or interim relief prior to a final decision, provided the facts and circumstances alleged warrant such remedy.

27. A provisional approval of the SORECO I-TLI PSA is necessary to ensure sufficient and reliable power supply to meet both the current and growing demands of SORECO I’s franchise area.

28. As shown in SORECO I’s Supply and Demand Scenario, its peak demand for 2024 is 16.48 MW. SORECO I’s franchise area is expected to incur a steady rise in electricity demand, with peak demand projected to grow at a rate of 6.80% annually. Clearly, SORECO I’s current supply of approximately 6 MW continuously with additional 5 MW from hour 10 to hour 19 from Monday to Friday is insufficient to meet this demand. The SORECO I-TLI PSA is urgently needed to address the power deficit and prevent service interruptions.

29. The procurement also addresses the imminent expiration of SORECO I’s Contract for the Supply of Electric Energy (CSEE) with the Power Sector Assets and Liabilities Management Corp. (PSALM) on February 25, 2025. Without timely replacement of this agreement, there is a significant risk of SORECO I being exposed to the volatile prices of the Wholesale Electricity Spot Market (“WESM”).

29.1 If no PA, interim relief, or decision will be issued before said expiration date, SORECO I’s demand of 9.35 MW will be exposed to WESM, having erratic power rates, to the prejudice of the consumers. Thus, the issuance of the PA, interim relief, or decision is in the best interest of

¹⁴ ERC Resolution No. 1, Series of 2021.

SORECO I’s captive customers, as the SORECO I-TLI PSA will provide reliable electricity service, with stable rate, which is essential for public welfare, economic stability and growth.

30. Furthermore, from the SORECO I’s rate impact simulation, it is clear that the implementation of the PSA with TLI would reduce SORECO I’s rate by Php 0.0316/kWh, as compared to if the same power requirements are purchased from WESM.

31. As such, the early implementation of the SORECO I-TLI PSA would readily benefit SORECO I and its captive customers as it will ensure the provision of reliable, secure, and quality supply of electricity in the least cost manner.

32. To support the prayer for provisional authority or interim relief, the Affidavit of Engr. Edwin F. Garcia is attached hereto as Annex “NN” of the *Joint Application*.

MOTION FOR CONFIDENTIAL TREATMENT OF
ANNEXES “M”, “N”, “O and Series”, “P”, “Q”, “V” “W” “W-1”,
“X”, “Y”, and “MM”

33. Section 1, Rule 4 of the *ERC Revised Rules of Practice and Procedure* provides that a party to any proceeding before the Honorable Commission may request that certain information not be disclosed and be treated as confidential. Pursuant to this, TLI prays that the information contained in the documents enumerated below be treated as *CONFIDENTIAL* and that the same be continuously protected from public disclosure, except to the officers and staff of the Honorable Commission (collectively referred to as “Confidential Documents”):

Description of Document	Annex
TLI’s Sources of Funds (Confidential)*	“M*”
TLI’s Generation Rate and Derivation (Confidential)*	“N*”
TLI’s Additional Supporting Documents for Generation Rate and Derivation (Confidential) *	“O and series*”
TLI’s Cash Flow (Confidential)*	“P*”
TLI’s Financial Model (Confidential)*	“Q*”
TLI’s Certification of the Net Heat Rate kCal per kWh (Confidential)*	“V*”
TLI’s Coal Procurement Plan (Confidential) *	“W*”

TLI’s Coal Supply Agreement (Confidential) *	“W-1*”
Sworn Statement Re: TLI’s Explanation on Coal Procurement Process (Confidential) *	“X*”
TLI’s IPPA Agreement with PSALM (Confidential) *	“Y*”
Financial Bid Forms (Confidential)*	“MM*”

34. The Confidential Documents contain financial models, computation/calculation for rate determination and cost components. Hence, TLI has actual and valuable proprietary interest to protect such information and data, which fall within the bounds of “trade secrets” that are entitled to protection under the Constitution, statutes, and rules and regulations of this Honorable Commission:

34.1 The foregoing annexes contain non-public, proprietary information and data involving Applicants’ investments, business operations, and financial calculations. Applicants determine, among others, their competitive rates through its power rate calculations, and its financial model through these information. Thus, the methodology thereof is privileged and confidential in nature. Furthermore, these information and data are not generally available to the public. Applicants’ competitiveness will seriously be prejudiced if these information are unduly disclosed.

34.2 Moreover, the interest of applicant SORECO I’s consumers is sufficiently protected by the review and evaluation of the rates under the SORECO I-TLI PSA by the Honorable Commission, without the need to disclose the contents of the Confidential Documents.

35. In the case of *Air Philippines Corporation vs. Pennswell, Inc.*,¹⁵ the Supreme Court defined “trade secrets” and explained that:

“A trade secret is defined as a plan or process, tool, mechanism or compound known only to its owner and those of his employees to whom it is necessary to confide it. The definition also extends to a secret formula or process not patented, but known only to certain individuals using it in compounding some article of trade having a commercial value. A trade secret may consist of any formula, pattern, device, or compilation of information that: (1) is used in one’s business; and (2) gives the employer an opportunity to obtain an advantage over competitors who do not possess the information. Generally, a trade secret is a process or device intended for continuous use in the operation of the business, for example, a machine or formula, but can be a price list or catalogue or specialized

¹⁵ 564 Phil. 774 (2007), G.R. No. 172835.

customer list. It is indubitable that trade secrets constitute proprietary rights.” (*Emphasis supplied.*)

35.1 Moreover, the Honorable Commission categorically acknowledged in its Decision in ERC Case No. 2015-111 RC¹⁶ that formulas and pricing structures of a generation company must be accorded confidential protection, to wit:

“In the case of PNOC RC, the documents sought to be protected from disclosure contain formula and pricing structures used in arriving at their proposed tariff. In fact, all three (3) documents were used by the Commission in evaluating the reasonableness of the proposed rate. In the electric power industry w(h)ere prices is[sic] a major consideration in selecting one’s supplier, it is apparent that the assumptions used in arriving at one’s proposed tariff is considered a competitive leverage by one player against its competitors.

Thus, the Commission resolves to treat the said documents confidential and may not be publicly disclosed.” (*Emphasis supplied.*)

35.2 Clearly, the Honorable Commission recognizes the importance of treating pricing structures as confidential in order to ensure competitiveness of the generation sector. This information, which falls within the definition of a trade secret as defined by jurisprudence, merits the confidential treatment provided for under Rule 4 of the ERC RRPP.

36. Further, the treatment of the information contained in Annexes “M”, “N”, “O and Series”, “P”. “Q”, “V” “W”, “W-1”, “X”, “Y”, and “MM” as confidential information is consistent with the Honorable Commission’s *Updated Matrix of Confidential and Non-Confidential Document and Information (as of 16 October 2024)* (“Matrix”). In the *Matrix*, financial models, computation/calculation for rate determination and cost components should be treated with confidentiality because they have proprietary value that constitute trade secrets. Therefore, as described above, since the information in the subject documents fall in these categories, Annexes “M”, “N”, “O and Series”, “P”, “Q”, “V” “W”, “W-1”, “X”, “Y”, and “MM” should likewise be treated with confidentiality.

37. In view of the foregoing and pursuant to Rule 4 of the *ERC Revised Rules of Practice and Procedure*, TLI respectfully requests that the attached Annexes “M”, “N”, “O and Series”, “P”, “Q”, “V” “W”, “W-1”, “X”, “Y”, and “MM” and the information contained therein be treated as confidential and privileged, and not be disclosed to persons other than the necessary officers and staff of this Honorable Commission.

¹⁶ Decision, ERC Case No. 2015-111 RC dated 30 May 2017 entitled “*In the Matter of the Application for Approval of the Power Supply Agreement Between Nueva Ecija II Electric Cooperative, Inc.- Area 2 (NEECO II – Area 2) and PNOC Renewables Corporation (PNOC RC).*”

38. TLI hereby submits Annexes “M”, “N”, “O and Series”, “P”, “Q”, “V” “W”, “W-1”, “X”, “Y”, and “MM” via: (i) password-protected electronic copies, and (i) one (1) physical copy each of the respective confidential documents in a sealed envelope, with the envelope and each page of the documents stamped with the word “Confidential”.

COMPLIANCE WITH PRE-FILING REQUIREMENTS

39. Finally, in compliance with the pre-filing requirements under the ERC Rules of Practice and Procedure, applicants shall submit the following documents during the filing of the instant application, to wit

Description of Document	Annex
Proof of furnishing copies of the Joint Application to the Offices of the Mayor and Sangguniang Bayan of Irosin and Governor and Sangguniang Panlalawigan of Sorsogon, Offices of the Mayor and Sangguniang Panlungsod of Taguig City, and Offices of the Mayor and Sangguniang Bayan of Pagbilao and Governor and Sangguniang Panlalawigan of Quezon	“OO” and series
Proof of publication of the Joint Application in a newspaper of general circulation in the Philippines	“PP” and series

PRAYER

WHEREFORE, premises considered, Applicants THERMA LUZON INC. (TLI) and SORSOGON I ELECTRIC COOPERATIVE, INC. (SORECO I) respectfully pray that the Honorable Commission:

1. ISSUE an Order treating Annexes “M”, “N”, “O and Series”, “P”, “Q”, “V” “W”, “W-1”, “X”, “Y”, and “MM” as confidential in perpetuity, directing their non-disclosure to persons other than the officers and staff of the Honorable Commission, perpetually protecting the said information from public disclosure by maintaining the same separate and apart from the records of the case, and ensuring that these are not divulged to unauthorized persons, pursuant to Rule 4 of its Rules of Practice and Procedure;
2. Pending trial on the merits, GRANT provisional authority or interim relief allowing the implementation of the PSA between SORECO I and TLI, including all the rates, fees, charges, and tariff adjustment mechanisms set out therein at the rates provided in the PSA, and authorizing SORECO I to charge and collect such rates, fees, charges, and tariff adjustment therein from its customers reckoned from the start of the supply by TLI to SORECO I under the PSA subject of this *Joint Application*; and
3. After hearing on the merits, ISSUE a Decision APPROVING the *Joint Application* and PSA between SORECO I and TLI,

including all the rates, fees, charges, and tariff adjustment mechanisms set out therein at the rates provided in the PSA, and authorizing SORECO I to charge and collect such rates, fees, charges, and tariff adjustments therein from its customers reckoned from the start of the supply by TLI to SORECO I under the PSA.

Other relief just and reasonable are likewise prayed for.

Finding the said *Joint Application* to be sufficient in form and with the required fees having been paid, the Commission hereby sets the same for determination of compliance with the jurisdictional requirements, expository presentation, Pre-Trial Conference, and presentation of evidence on the following dates and online platform for the conduct thereof, pursuant to Resolution No. 09, Series of 2020¹⁷ and Resolution No. 01, Series of 2021¹⁸ (ERC Revised Rules of Practice and Procedure):

Date	Platform	Activity
11 July 2025 (Friday) at two o'clock in the afternoon (2:00 PM)	Microsoft Teams Application	Determination of compliance with the jurisdictional requirements and expository presentation
18 July 2025 (Friday) at two o'clock in the afternoon (2:00 PM)		Pre-Trial Conference and presentation of evidence

Accordingly, TLI and SORECO I are hereby directed to mirror the virtual hearings to be hosted by the Commission at **SORECO I's Principal Office at Maharlika Highway, Brgy. Gulang-Gulang, Irosin, Sorsogon**, as the designated venue for the conduct thereof, and ensure that the same is open to the public. Moreover, TLI and SORECO I shall guarantee that, during the conduct of the expository presentation, the participation of the public shall not be impaired.

RELATIVE THERETO, TLI and SORECO I are hereby directed to:

¹⁷ A Resolution Adopting the Guidelines Governing Electronic Applications, Filings and Virtual Hearings Before the Energy Regulatory Commission.
¹⁸ A Resolution Adopting the Revised Rules of Practice and Procedure of the Energy Regulatory Commission.

- 1) Cause the publication of the attached *Notice of Virtual Hearing* in two (2) newspapers of nationwide circulation in the Philippines at their own expense, twice (2x) within two (2) successive weeks, the dates of publication not being less than seven (7) days apart, and the date of the last publication to be made not later than ten (10) days before the date of the scheduled initial hearing;
- 2) Furnish with copies of this *Order* and the attached *Notice of Virtual Hearing* the Offices of the Governor, Mayors and Local Government Unit (LGU) legislative bodies within SORECO I's franchise area for the appropriate posting thereof on their respective bulletin boards;
- 3) Inform the consumers within SORECO I's franchise area, by any other means available and appropriate, of the filing of the *Joint Application*, the reasons therefor, and of the scheduled virtual hearings thereon;
- 4) Furnish with copies of this *Order* and the attached *Notice of Virtual Hearing*, the Office of the Solicitor General (OSG), the Commission on Audit (COA), and the Committees on Energy of both Houses of Congress. They are hereby requested, if they so desire, to send their duly authorized representatives and attend the scheduled hearings; and
- 5) Furnish with copies of the *Joint Application* and its attachments, except those subject of a motion for confidential treatment of information, all those making requests therefor, subject to reimbursement of reasonable photocopying costs.

Within five (5) calendar days before the date of the initial virtual hearing, TLI and SORECO I must submit to the Commission via electronic mail (e-mail) at docket@erc.ph, and copy furnish the Legal Service through legal@erc.ph, the scanned copies of their written compliance with the aforementioned jurisdictional requirements, attaching the following methodically arranged and duly marked documents:

- 1) The evidence of publication of the attached *Notice of Virtual Hearing* consisting of affidavits of the Editors or Business Managers of the newspapers where the said *Notice of Virtual Hearing* was published, and the complete issues of the said newspapers;

- 2) The evidence of actual posting of this *Order* and the attached *Notice of Virtual Hearing* consisting of certifications issued to that effect, signed by the aforementioned Governor, Mayors and LGU legislative bodies or their duly authorized representatives, bearing the seals of their offices;
- 3) The evidence of other means employed by TLI and SORECO I to inform the consumers within SORECO I's franchise area of the filing of the *Joint Application*, the reasons therefor, and of the scheduled hearings thereon;
- 4) The evidence of receipt of copies of this *Order* and the attached *Notice of Virtual Hearing* by the OSG, the COA, and the Committees on Energy of both Houses of Congress;
- 5) The evidence of receipt of copies of the *Joint Application* and its attachments, except those subject of a motion for confidential treatment of information, by all those making requests therefor, if any; and
- 6) Such other proof of compliance with the requirements of the Commission.

Moreover, TLI and SORECO I are hereby required to post on their bulletin boards, the scanned copies of the foregoing jurisdictional requirements, together with the newspaper publications and certifications issued by the concerned Offices of the Governor, Mayors, and Local Legislative Bodies, and to submit proof of posting thereof.

Applicants TLI and SORECO I and all interested parties are also required to submit via e-mail at doCKET@erc.ph, and copy furnish the Legal Service through legal@erc.ph, **at least five (5) calendar days** before the date of the scheduled virtual hearing and Pre-Trial Conference, their respective Pre-Trial Briefs containing, among others:

- 1) A summary of admitted facts and proposed stipulation of facts;
- 2) The issues to be tried or resolved;
- 3) The documents or exhibits to be presented, stating the purposes and proposed markings therefor, which should also be attached to the Pre-Trial Brief; and

- 4) The number and names of the witnesses, with their written testimonies in a Judicial Affidavit form attached to the Pre-Trial Brief.

Applicants TLI and SORECO I must ensure that all the documents or exhibits proposed to be presented have already been duly submitted to the Commission **at least five (5) calendar days** before the date of the scheduled virtual hearing and Pre-Trial Conference pursuant to the preceding paragraph.

Failure of TLI and SORECO I to comply with the above requirements within the prescribed period shall be a ground for cancellation of the scheduled hearings.

Applicants TLI and SORECO I must also be prepared to make an expository presentation of the instant *Joint Application*, aided by whatever communication medium that they may deem appropriate for the purpose, in order to put in plain words and explain, for the benefit of the consumers and other concerned parties, the nature of the *Joint Application*. Relevant information and pertinent details substantiating the reasons and justifications for the *Joint Application* must be cited in support thereof.

Applicants TLI and SORECO I are hereby directed to file a copy of their Expository Presentation via e-mail at docket@erc.ph, and copy furnish the Legal Service through legal@erc.ph, **at least five (5) calendar days** prior to the scheduled virtual hearing. TLI and SORECO I shall also be required, upon the request of any stakeholder, to provide an advance copy of their Expository Presentation, **at least five (5) calendar days** prior to the scheduled virtual hearing.

Applicants TLI and SORECO I are further directed to submit, either through personal service, registered mail or ordinary mail/private courier, one (1) set of the original or certified true hard copies of their Jurisdictional Compliance, Expository Presentation, Pre-Trial Brief, and Judicial Affidavits of witnesses, **within five (5) working days** from the date that the same were electronically submitted, as reflected in the acknowledgment receipt e-mail sent by the Commission.

(This space is intentionally left blank.)

Finally, TLI and SORECO I, including their authorized representatives and witnesses, are hereby directed to provide the Commission, through legal.virtualhearings@erc.ph, their respective e-mail addresses upon receipt of this *Order*. The Commission will send the access link/s to the aforementioned hearing platform within five (5) working days prior to the scheduled hearings.

SO ORDERED.

Pasig City, 21 April 2025.
