ABOITIZ POWER CORPORATION

Bv:

Mailene M. de la Torre

Assistant Corporate Secretary

Dated: April 22, 2019

PRESS RELEASE 22 April 2019

Therma Mobile signs Power Supply contract with Meralco

AboitizPower subsidiary Therma Mobile, Inc. (TMO) has signed a power supply agreement (PSA) with Manila Electric Co. (Meralco).

"This contract is a timely response of both AboitizPower and Meralco to the call of government for stable and reliable power going into the midterm elections and beyond," AboitizPower Oil Business Unit President and COO Celso C. Caballero III said.

TMO, with four floating power barges moored in Navotas, has a combined gross capacity of 242 MW. The facility went into preservation mode on the 5th of February this year, as well as voluntarily disconnected from the grid and de-registered from the energy market.

It is currently expected to be registered again with the Independent Electricity Market Operator of the Philippines Inc. (IEMOP) on April 22, 2019 and delivery of power to Meralco will commence on April 26, 2019.

The oil-fired barges in Navotas are considered ideal for providing peaking supply and ancillary services with its operational flexibility and the ability to start up quickly to respond to the needs of the grid. TMO will provide Meralco with up to 200 MW of additional power.

The Oil Business Unit of AboitizPower operates five oil-fired power facilities in Luzon, Visayas, and Mindanao.

AboitizPower has a balanced mix portfolio of coal, oil, geothermal, hydro, and solar power plants nationwide.

About AboitizPower

AboitizPower is the holding company for the Aboitiz Group's investments in power generation, distribution, and retail electricity services. It advances business and communities by providing reliable and ample power supply at a reasonable and competitive price, and with the least adverse effects on the environment and host communities.

The company is one of the largest power producers in the Philippines with a balanced portfolio of assets located across the country. It is a major producer of Cleanergy, its brand for clean and renewable energy with several hydroelectric, geothermal and solar power generation facilities. It also has thermal power plants in its generation portfolio to support the baseload and peak energy demands of the country.

The company also owns distribution utilities that operate in high-growth areas in Luzon, Visayas, and Mindanao, including the second and third largest private utilities in the country. For further queries on this Press Release, please contact:
