### Item 9: Other Events

Aboitiz Power Corporation (AboitizPower or the "Company") recorded consolidated net income of P3.6 billion (bn) for the first quarter of 2019, 9% lower than the P4.0 bn recorded for the same period last year. Non-recurring losses amounting to P440 million (mn) were recognized during the period, compared to the P1.2 bn in non-recurring losses recorded during the same period last year. Without these one-off losses, core net income for the first quarter of 2019 was P4.1 bn, 21% lower year-on-year (YoY), which was largely due to the higher volume and cost of purchased power. Spot market prices were exceptionally high during the first three months of 2019, and the Company purchased replacement power due to outages and overcontracting in preparation for Therma Visayas, Inc. (TVI) coming online. The Company recorded consolidated earnings before interest, tax, depreciation and amortization (EBITDA) of P10.4 bn for the period, 13% lower than the P11.9 bn for the first quarter of 2018.

## **Results of Operations**

#### Generation and Retail Electricity Supply

AboitizPower's generation and retail supply business recorded a consolidated EBITDA of P8.6 bn in the first quarter 2019, 15% lower than the P10.1 bn recorded during the same period last year. This was primarily driven by the higher volume and cost of purchased power. As previously mentioned, spot market prices were high during the first quarter of 2018, and the Company purchased replacement power due to outages and overcontracting in preparation for TVI's incoming capacity addition.

Capacity sold for the first quarter decreased by 7% YoY, from 3,174 megawatts (MW) in 2018 to 2,947 MW in 2019.

#### Distribution

For the first quarter of 2019, AboitizPower's distribution business recorded consolidated EBITDA of P1.9 bn, 3% higher than the P1.8 bn recorded during the corresponding period in 2018. The Company saw energy sales increase to 1,343 gigawatt-hours (GWh), which was 3% higher than the 1,298 GWh recorded in the first quarter of 2018. This was driven by the increase in new customers across all segments.

#### **Financial Condition**

As of March 31, 2019, AboitizPower's total consolidated assets stood at P391.3 bn, which was flat compared to the year-end 2018 level of P389.7 bn. Total Cash and cash equivalents as of the end of the first quarter of 2019 was P50.1 bn, while total consolidated interest-bearing liabilities was P220.4 bn. Equity attributable to equity holders of the parent was P119.6 bn. As of March 31, 2019, the Company's current ratio was at 1.4x, versus year-end 2018's 1.9x, while its net-debt-to-equity ratio was at 1.3x, versus year-end 2018's 1.2x.

## SIGNATURE (S)

Pursuant to the requirements of the Securities Regulation Code, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

ABOITIZ POWER CORPORATION By:

Manuel Alberto R. Colayco

Corporate Secretary
